

The Bonner Program

Access to Education, Opportunity to Serve

The Bonner Program fosters students seeking higher education through a service-based, cohort-supported scholarship program. Undergraduate students have the opportunity to work directly with local non-profit organizations in an intensive, sustained manner.

Bonner Students

Participate in a four year program in which they serve 8-10 hours per week in the communities facing issues of poverty, education and environmental sustainability. Engaging in weekly meetings, students build upon their skills through developmental trainings.

Bonniers are committed to six common commitments including:

- Social Justice
- Diversity
- Spiritual Exploration
- Civic Engagement
- Community Building
- International Perspective

How to Apply

- Visit www.bonner.org to research Bonner and participating schools.
- Apply and get accepted to a Bonner school.
- Apply to Bonner Program on campus and prepare for an interview.

The Bonner Program

What Bonner Can Do For You...

Bonniers are catalysts for change - within themselves, their peers, and their community. As a group, Bonniers are diverse and studious campus leaders that actively engage those around them to partake in service.

Being a Bonner is so much more than earning a scholarship. This program provides students with a transformative experience, expanding their horizons as they work to develop their connectivity within their community and on campus.

Global Citizens for Life

For 25+ years, the Bonner Program has built a network of global citizens that remain civically engaged for life.

"Looking back at my reflections and my growth, I can see so clearly this work as a Bonner scholar really matters. The exposure to this conversation and dialogue Bonner offers changed the way I think."

-Regina Cavada '16

Our Beloved Community

The Bonner Network has been committed to being a cohort that provides educational resources and best practices for civic engagement.

Join us, and become a part of our "WE."
